Job Description

DOE Science, Technology and Policy Program Opportunity – DOE Office of Fossil Energy and Carbon Management

<https://www.zintellect.com/Opportunity/Details/DOE-STP-FECM-2024>

About the Office of Fossil Energy and Carbon Management

The Office of Fossil Energy and Carbon Management (FECM) is seeking motivated students, postgraduates, and faculty to participate in projects at the forefront of the clean energy transition, helping to address the climate crisis through a 12-month fellowship with FECM. FECM plays an important role in providing solutions that address the climate crisis. This includes working to minimize the climate and environmental impacts of fossil energy and key industrial processes to help achieve net-zero emissions across the United States economy. The office works to achieve that mission in ways that benefit communities, provide high-wage jobs, and support domestic energy, industry, and manufacturing. The overall focus is to ensure the nation's energy security, build sustainable supply chains, and significantly accelerate reductions in greenhouse gas emissions—all at the same time.

What will I be doing?

As an ORISE participant, you will:

- Gain insight into the Federal government's role in the creation of clean energy technology

Opportunity at DOE Office of Fossil Energy and Carbon Management Varies

research and development.

- Contribute to a project, or projects, related to energy and climate change policies by applying scientific and technical knowledge.
- Continue your education and involvement in areas that support the DOE mission either in a technical or policy-related area.
- Become part of a team and be mentored by highly trained staff that support research, development, demonstration, and deployment of carbon management technologies and infrastructure to reduce carbon emissions and other environmental impacts of fossil fuel production and use.

Appointment Location:

- Washington, D.C.
- Germantown, MD
- Remote Appointments May be Approved

Participant Benefits: A stipend will be based on appointment level and commensurate with qualifications:

- **Student:** Selected applicant will receive a stipend starting at \$50,000 (up to \$75,000).
- **Postgraduate:** Selected applicant will receive a stipend starting at \$75,000 (up to \$100,000).
- **Faculty:** Selected applicant will receive a stipend starting at \$100,000 (up to \$125,000).

FECM will provide a supplemental stipend to offset the costs of health insurance. Participants are eligible to purchase health insurance plans offered through ORISE. Participants may receive an allowance for education and/or scientific activities as approved by FECM. Travel expenses may be approved
