North Carolina Agricultural and Technical State University's College of Agriculture and Environmental Sciences (CAES) has a rich history of innovation and application of cutting-edge technology. From our pioneering Laboratory Animal Science and Landscape Architecture programs to our award-winning Cooperative Extension and Agricultural Research programs, our faculty and staff serve today's needs while keeping an eye on the future. With programs and expertise in such areas as biotechnology, agricultural and biosystems engineering, natural resources management, waste management, and food microbiology, the A&T College of Agriculture grows concurrently with the demand for qualified graduates. Our four academic departments are the Department of Agribusiness, Applied Economics and Agriscience Education; the Department of Animal Sciences; the Department of Family and Consumer Sciences; and the Department of Natural Resources and Environmental Design. Within these departments, students will find a myriad of opportunities for classroom learning, research and field work.

Through our Agricultural Research Program and our Cooperative Extension Program, we are able to research issues of importance to North Carolina and provide research-based outreach training to citizens across the state and around the world.

Minimum Requirements

The successful candidate must have earned a Master's or Ph.D. in child development and family studies, human development, or closely related fields. Research experience in family studies, community health and well-being, health promotion, child and family health is essential. Strong technology skills and the ability to work independently with minimal supervision is also desirable. Preference will be given to candidates with a proven track record of publication and grant proposal writing experience.

Preferred Years Experience, Skills, Training, Education

- At least two years' post-doctoral research experience
- Experience obtaining independent external research funding
- Experience with community outreach
