**Job
Description**

The Role

A Level C academic is expected to make significant contributions to the teaching effort of a discipline, school, faculty or other organisational unit or an interdisciplinary area. An academic at this level is also expected to play a major role in scholarship, research and/or professional activities. This position is based as Main Campus, Bandar Sunway

The appointee will contribute to teaching in both the undergraduate psychology courses and the Master of Professional Counselling. In addition, the appointee will be expected to undertake supervision of research projects in psychology and counselling. The appointee should have a track record of leadership of research in clinical psychology and/or counselling. The appointee will also actively contribute toward administrative service and unit coordination within the Department

Reporting Line: The position reports to the Head of Department of Psychology

Key Responsibilities

Contribute to curriculum development, innovation, enhancement and quality assurance in the undergraduate and postgraduate curriculum

Develop and deliver innovative and excellent teaching, learning and assessment experiences for undergraduate and postgraduate students

Conduct high quality research, maintaining an active record of publication and building a profile of grants and PhD student supervision

Support the development and implementation of a research strategy for Jeffrey Cheah School of Medicine and Health Sciences consistent with the research priorities of Monash University Malaysia and Monash University

Participate in collaborations with other universities and with government, industry and/or civil society to drive research impact and educational excellence

Support the management of education, research and/or administration in the School through, for example, participation in committees

May include supervision of students for placements in counselling

Key Selection Criteria

A doctoral qualification (PhD) or equivalent qualification

Demonstrated experience in the development of curriculum content

A strong record of teaching which demonstrates a commitment to educational innovation.

An excellent research record, with a strong trajectory in publications, grants and PhD/Masters/Honours

Lecturer / Senior Lecturer (Psychology)

Jeffrey Cheah School of Medicine and Health Sciences

The Jeffrey Cheah School of Medicine and Health Sciences was established in 2005. The School's vision is to become a leading medical school in Asia, as measured by the quality and impact of its teaching and research, and, through these, to engage with and serve the community. By pursuing this vision, the school contributes to the University's mission to improve the human condition by advancing knowledge and fostering creativity.

The School offers the Bachelor of Medical Science and Doctor of Medicine, Bachelor of Psychological Science and Business, Bachelor of Psychological Science, Bachelor of Psychological Science (Honours), Bachelor of Medical Science (Honours), Postgraduate Diploma in Biomedical Science, Master of Professional Counselling, Master of Biomedical Science and Doctor of Philosophy (PhD) programs.

Delivery of the medicine program is spread over several locations with the first two years being taught at the Monash University Malaysia in Bandar Sunway, Selangor while the subsequent three years being taught at the Clinical School in Johor Bahru.
