Job Description

Department Summary

The University of North Texas Kristin Farmer Autism Center (KFAC) conducts evidence-based direct services, research, and training to positively impact individuals with Autism Spectrum Disorders, their families, and the community.

Position Overview

Persons in this position will serve as key members of the clinical team at the UNT KFAC Autism Center, in providing for the therapeutic needs of the KFAC's clients with Autism Spectrum Disorders. Behavior Analysts will develop and implement Individualized Treatment Plans, and engage in data collection and analyses of client performance on individual goals and objectives. The position will directly support the research and training missions of the Autism Center.
