Job Description

Required education and experience

We are seeking a colleague with a strong background in quantitative methods to join the growing Bachelor of Science degree program in QSS. Candidates should have a Ph.D. in Psychology, Sociology, Political Science, or a closely related field, with an interdisciplinary research agenda that includes the use of innovative, quantitative approaches to studying social science research questions.

Area of research specialization is open.

The ideal candidate will utilize advanced quantitative methods in their research and be able to teach courses in data analysis and quantitative methods for research, introductory courses in their discipline, and upper-level, elective undergraduate courses in their area(s) of specialization.

The successful candidate will work alongside colleagues in the School of Humanities, Arts, and Social Sciences to engage in forward-thinking research and teach students to combine technical skills with the ability to think critically and creatively. Stevens is an NSF ADVANCE institution committed to equitable practices and policies. We encourage qualified women, minority candidates, and individuals who would enhance the diversity of our faculty to apply.

Application Process

All applications must be submitted electronically through the HR website at:
<https://www.stevens.edu/hr/careers-at-stevens>

Candidates are required to submit:

- Cover letter
- C.V.
- Teaching Statement (up to 3 pages) - Addressing teaching philosophy, skills, and experience - including measures of effectiveness, if available
- Research Statement (up to 3 pages) - Addressing research interests, skills and experience - including current and future plans
- Writing Sample (up to 40 pages)
- Names and Contact Information for 3 Referees - Confidential letters will be solicited at the Finalist stage
