Job Description

The Yale Autism Program is accepting applications for the Hilibrand Postdoctoral Fellowship. The fellowship facilitates the development of field-leading scientists motivated to conduct research in autism, with specific relevance to adolescents and adults. The program accepts one scholar per year for a two-year fellowship at the Yale Child Study Center. We seek research-oriented candidates from diverse scientific backgrounds with a doctoral degree (PhD, EdD, or MD). The selected fellow will be directly mentored by Dr. James McPartland and senior faculty at the Yale Child Study Center and will be involved in a highly active community of clinicians and researchers devoted to understanding autistic adolescents and adults and their families. The fellow will gain exposure to research, teaching, and clinical activities within the [Yale Developmental Disabilities Clinic](#), the [Yale Autism Program](#), the [McPartland Lab](#), the [Yale Child Study Center](#), and the [Yale Center for Brain and Mind Health](#). By providing mentorship, resources, and a fertile scientific environment, the Hilibrand Fellowship enables

trainees to initiate innovative lines of inquiry that they can then carry forward as independent investigators leading their own research programs.

Applications are requested by December 1, 2024, for an intended start date of July 1, 2025. Applications will be evaluated as they are received; under special circumstances, applications received past this deadline may be considered.

A complete application consists of:

- A single PDF including:
 - Curriculum vitae, including a list of all
 - Summary of research experience and relevance to the fellowship. Note that prior experience in autistic adolescents and adults is not necessary; a goal of the fellowship is to train individuals with strong research skills to conduct research with this cohort.
 - Proposed fellowship research project, including desired mentorship and training activities. The purpose of this document is to provide insight into applicants' interests and ability to articulate a vision and plan for research.
- Three letters of recommendation speaking directly to the candidate's potential, sent directly from referees.

Please address logistical questions and send applications to mcp.lab@yale.edu. Please address inquiries about science or training to Dr. James McPartland (james.mcpartland@yale.edu).

EEO/AA Policy

Yale University is committed to basing judgments concerning the admission, education, and employment of individuals upon their qualifications and abilities and affirmatively seeks to attract to its faculty, staff, and student body qualified persons of diverse backgrounds. In accordance with this policy and as delineated by federal and Connecticut law, Yale does not discriminate in admissions, educational programs, or employment against any individual on account of that individual's sex, race, color, religion, age, disability, status as a special disabled veteran, veteran of the Vietnam era or other covered veteran, or national or ethnic origin; nor does Yale discriminate on the basis of sexual orientation or gender identity or expression.
