teach theoretical and skills-building courses, potentially including undergraduate and graduate community psychology theory; graduate level program evaluation or prevention and intervention; undergraduate special topics courses in their specialization; and other introductory or methodology courses. The candidate would be expected to be involved in Master's theses supervision and consultation, and to develop and maintain community partnerships. The candidate should also conduct research, pursue grant funding, and play an active role in the department, the school, and university service activities.

Job Requirements:

Candidates should hold a PhD or equivalent in Community Psychology or a related field. Successful candidates should have an ongoing program of research and publication, have strong leadership capability or potential, and skills or potential in high-quality teaching. Candidates with research interests that are relevant to the region and show intradisciplinary or interdisciplinary links are preferred. Candidates with experience in and familiarity with the north American higher education system are preferred.

Additional Information:

Priority will be given to applications received by December 15, 2024. Review of applications will begin immediately and continue until the position is filled.
