under the supervision of the Principal Investigator (PI).

Key Responsibilities:

- Assist in coordinating and running research projects
- Work closely with collaborators and third party service providers in conducting research
- Help with data collection for projects related to regional geopolitics and geoeconomic trends and developments
- Conduct and interpret quantitative and qualitative data analyses for projects and journal publications
- Research and writing of short reports on specific developments, trends, patterns in regional affairs
- Actively contribute to preparation of manuscript drafts for peer-reviewed journals
- Undertake any additional duties as required by the supervisor

Job Requirements:

- Masters degree in related field
- Extensive media experience as well as the subject interest (Southeast Asian/East Asian politics and/or international relations)
- Demonstrated experience in research writing through publications in Asian politics, screen writing, research and journalism
-

Proficiency with Microsoft Office

- Experience in quantitative data analysis using relevant statistical tools (e.g. SPSS, AMOS) will be preferred
- As this is a research role, analytical, verbal, and written communication skills will be preferred. Given the research scope, being fluent in English and knowing Mandarin will be advantageous.
- Highly motivated and willing to work independently in a multidisciplinary setting
- Interest in regional security and economics in the Asia-Pacific would be preferred

We regret to inform that only shortlisted candidates will be notified.
