Posting Detail Information

Position Summary

As a postdoctoral associate in the largest comprehensive university-connected research foundation in the country, you will perform independent and directed research to achieve the objectives of the research project within your department. Your work will require the theoretical and practical application of a body of highly specialized knowledge.

Tasks you will be responsible for may include:

- organize and implement research plans
- develop methods or research that incorporate highly specialized training in a specific specialty
- conduct tests procedures and engage in data collection
- analyze, evaluate, and present findings in professional journals and at professional conferences and meetings

This is a pooled posting positions are filled on an as needed basis.

About The University at Buffalo

The University at Buffalo (UB) is one of America's leading public research universities and a flagship of the State University of New York system, recognized for our excellence and our impact. UB is a premier, research-intensive public university dedicated to academic excellence. Our research, creative activity and people positively impact the world. Like the city we call home, UB is distinguished by a culture of resilient optimism, resourceful thinking and pragmatic dreaming that enables us to reach others every day. Visit our website to learn more about the [University at Buffalo](#).

As an Equal Opportunity / Affirmative Action employer, the Research Foundation will not discriminate in its employment practices due to an applicant's race, color, religion, sex, sexual orientation, gender identity, national origin and veteran or disability status.

Minimum Qualifications

Doctoral degree or equivalent from a foreign university in area related to the specific specialty of your department is required.

All degree requirements including dissertation, must be completed.
