Job Description

As the Research Analyst, this key individual will support the wide-ranging public policy analysis activities of the center, to include providing analytical rigor in the writing of the State of the Commonwealth Report, State of the Region Report, the Economic Forecasting Project, and analysis of labor markets and economic conditions in Hampton Roads and the Commonwealth of Virginia. To support and enable the production of these reports, the Research Analyst/Senior Research Analyst will retrieve data from a variety of public and private sources, conduct or support data analyses, and write reports for recurring and reimbursable projects. The Analyst will advise graduate students and contract personnel assigned to Dragas projects.
